

Snow Report

Enfield Weather Forecast, NH (03748)

```
/* Locations can be edited manually by updating 'wx_locID' below. Please also update */
/* the location name and link in the above div (wx_module) to reflect any changes made. */
var wx_locID = '03748';
/* If you are editing locations manually and are adding multiple modules to one page, each */
/* module must have a unique div id. Please append a unique # to the div above, as well */
/* as the one referenced just below. If you use the builder to create individual modules */
/* you will not need to edit these parameters. */
var wx_targetDiv = 'wx_module_1250';
/* Please do not change the configuration value [wx_config] manually - your module */
/* will no longer function if you do. If at any time you wish to modify this */
/* configuration please use the graphical configuration tool found at */
/* https://registration.weather.com/ursa/wow/step2 */
var
